

Wood Lily Suite

As unique as its namesake flower, the Wood Lily studio home gives you the option of studio space plus den with sky-light - or turn the den into a bedroom. Only one Wood Lily Suite is available - so pick it now if you want this value-packed 511 square foot design. The Wood Lily Suite includes a kitchenette with fridge-freezer, microwave and sink, traditional oak cabinets and formed Tuscan marble laminate countertop - ideal for snacks and light meals. The bathroom features a handicapped-accessible walk-in shower with safety bar.

The open plan living space can be used studio-style as both living room and bedroom, freeing up the bonus room for a den or library. Or you can use the sky-lighted bonus room as your bedroom. Quality San Sebastian Berber carpet is underfoot in living room and den while kitchen, hall and bathroom feature easy-care Congoleum Prelude flooring. As with all our units, your suite includes safety features like grab bars on the shower, fire alarm, smoke alarm and 24/7 access to emergency assistance.
